

**NOTICE REGARDING  
CANCELLATION OF DISCUSSION OF  
DRAFT ENVIRONMENTAL IMPACT REPORT (EIR)  
FOR THE JOHNSON AVENUE HOUSING PROJECT  
AT THE FEBRUARY 26<sup>TH</sup>  
PLANNING COMMISSION MEETING  
(State Clearinghouse # 2012051022 & City Files: 56-08)**

All tentatively scheduled hearings for the Draft Environmental Impact Report (EIR) and entitlements for the Johnson Avenue Housing Project addressed as 1642 Johnson Avenue have been postponed. The applicant, San Luis Coastal Unified School District, has made this request to the City to provide the opportunity for their team to prepare an economic analysis of the project and conduct additional outreach in the neighborhood.

The public hearing on the Draft EIR before the Planning Commission originally scheduled for Wednesday, February 26, 2014 at 6:00 p.m. has been  **canceled**. While the City has collected many letters and emails regarding the project and EIR and appreciates the public's input, the City is no longer seeking comments on the Draft EIR. Given that there may be a significant gap in time before the applicant decides to reactivate the previously proposed project or a revised project is submitted, any new environmental documents related to the project site will need to re-circulated and a new public review period opened. If the current project is reactivated or any new project submitted, then any required hearings will be noticed.
